The Book Bus will be back at school for the children to select and return books on Monday next week. Please have a good look around home for any Book Bus, School Library and school reading books that still need to be returned to school. Congratulations to the senior class who were the first to get all of their school library books returned after Lockdown. Children are now able to visit the School Library with their class and choose three books of their choice.

Our Year 7 & 8 students have the opportunity to attend a Zone Young Leaders Day. This has been organised to provide an opportunity for these students to mix with others from our Zone and to help with the transition to high school. It also replaces the Young Leaders Day that we usually attend in Dunedin in May every second year. They will have the opportunity to take on some challenges at Stadium Southland and be inspired by some high achieving representative athletes.

Thank you to the whanau that attended our first school Assembly since Lockdown. It was really nice to have you back onsite to celebrate the children's learning and achievements. The next Assembly will be on the last day of term. Children from all classes will once again be presenting a variety of work around the learning that they have been doing over the last few weeks of term.

The senior class has organised a school Cross Country and Colour Run on 2nd of July from 1:30pm. You are all welcome to come along for the afternoon. The Mad Cow Coffee will be here again. We would love to see you.

Yesterday I attended the Principal's Community of Learning (Kahui Ako) meeting. We have our Learning Support Co-ordinators working in the schools where the need arises. These are new to many schools throughout the country and we have been assigned two for our Community of Learning. As a school we can make a referral to them with parents' permission and they will come to our school to observe and gather data on the student then give recommendations around further actions. It may be that the teacher is given support or a referral to a specific agency is made. Parents/Caregivers are kept informed of decisions made. The Learning Support Coordinators are being trained in Dyslexia Screening. This is a great opportunity for us to see if children that we suspect may be dyslexic, can be screened and the teaching can be tailored to their needs. There is no cost to families for any of these services. The overarching vision for the Community of Learning is, "Growing Great Kids". We will be holding a parent session around this later in the year. This will be an opportunity for caregivers to come along, listen to a Keynote Speaker and then opt in to a session around supporting their child/ren's development. Look out for more information on this as it arises and do try to attend.

Have a great week. Ka pai to wiki.

Waikawa Museum

Hi All

We are planning working bees at the Museum each Thursday for June and July starting on 18th June 10.00am-3.00pm and every Thursday after that until all is done. We plan on looking at opening museum at weekend's end of July and will stay like that until October when we will open seven days a week.

If anybody has a little spare time that could come and help that would be great. We have to finish Blacksmiths and build two cabinets to house Ruth's bottle collection she left to the museum. We also have some entering of items as well as a good clean so any help will be much appreciated. All the bottles will need a polish and a label put on them until we can get them labelled properly. Hope to see you at working bees
