RESPECT INTEGRITY COMMUNITY EXCELLENCE

Term 2 No 11 24th June 2020

Tena koutou katoa

Early next term we will be having learning conferences where you can meet with the Teachers and share your Learning Experiences during lockdown and the Teachers can share how the children have settled back into the classroom. All children are getting assessed on their PR1ME maths learning this week which will support the Teachers making decisions about their next learning steps.

We will be running the Accelerated Learning in Literacy (ALL) programme again next term. Teachers will take a small group of children daily, for some additional writing teaching to support them with the classroom programme. This is a short burst of focused teaching to accelerate their learning and is additional to the classroom writing lessons.

We are looking forward to the Cross Country and Colour Run that the seniors are organising next Thursday at 1:30pm. You are all welcome to come along and support this. Please sign in at the office. Mad Cow Coffee will be here and we hope to see many of you for a catch up.

We are holding another assembly on the last Friday of term. You are all welcome to come along. All classes will be presenting something on this day. It will be in the gym starting at 2:20pm. Please come through the office to sign in and let Marylyn know if you are taking your children home after school.

Team Kowhai: We had a go at tracing, sketching and painting animals this week and have made some amazing art works. Also, the seeds we planted have sprouted so we will transport those to the tunnel house this week and see how they handle the cold mornings.

Team Karaka: We have been busy practicing for Cross Country. We have been busy focusing on persuasive writing, these will be published on Seesaw this week.

Team Papura: is finalising the details for the School Cross Country and Fun Run. We are looking forward to seeing you there supporting this. Because these arts involve using emotions, creativity and risk. It requires trust. Drama builds communication, listening and cooperation skills. It helps us to understand how to work with other people. It helps us understand the importance of working together. Drama and Theatre encourages resilience, empathy, engagement, self-development and good citizenship.

The children spend the 3 days creating and preparing for a mini musical performance for whanau and friends on the final day. All our activities are aimed at building confidence through the arts. Email miriam@sayitclearly.co.nz for more information.
